Gentlemen:

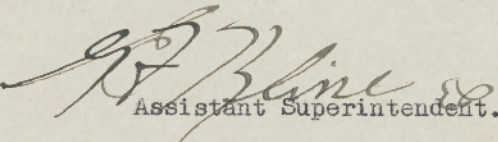

RE: Workmen's Compensation Insurance
State of New Jersey.

This will advise you that in accordance with your recent application we are to-day assigning the Employers' Liability Assurance Corporation to provide you with Workmen's Compensation Insurance and you should hear from that company within a few days regarding the necessary details for issuing the policy.

We direct your attention particularly to the provision of the Assignment Plan which requires that the proper premium be paid to the company before any coverage is issued.

If there is any further question do not hesitate to advise us.

Very truly yours,

Assistant Superintendent.
